

## TECHNICAL INFORMATION

### **WESTCO ETU (Ethylene Thiourea)**

#### **Specifications**

|   |   |
|---|---|
| <b>Appearance</b>                               | <b>White powder or white oil treated powder</b> |
| <b>*Melting point, °C</b>                       | <b>192 min</b>                                  |
| <b>*Maximum heat loss (% by weight)</b>         | <b>0.3</b>                                      |
| <b>*Maximum ash residue (% by weight)</b>       | <b>0.3</b>                                      |
| <b>*Residue on 100 mesh sieve (% by weight)</b> | <b>0.5 max</b>                                  |

**Note - Oil Treated Powder oil content 1-2%**

**\*Actual data will be reported on Certificate of Analysis**

**Packaging: 25 kg. bag**

**Storage & Handling: Please read MSDS before handling**

#### **Characteristics**

**Westco ETU is an ultra accelerator for polychloroprene rubber. It is also used in latex as a primary accelerator. It is active even at low temperatures. Westco ETU can be used without zinc oxide for transportation articles. It is an antioxidant in adhesive systems.**

**1/08 R**
