

**WESTCO™ OBSH**  
**p,p'-Oxybis-(benzenesulfonyl hydrazide)**  
**CAS# 80-51-3**

**CHARACTERISTICS:**

**WESTCO™ OBSH is a non-staining, non-discoloring blowing agent for rubber and plastics. It has a low decomposition temperature allowing it to be used without activators.**

**Specifications:**

<b>Appearance</b>	<b>White Powder</b>
<b>*Gas release</b>	<b>125 ± 6ml/g</b>
<b>*Decomposition temperature</b>	<b>150 - 165 °C</b>
<b>Average Particle size</b>	<b>6 – 8 microns</b>
<b>*Moisture</b>	<b>0.4% Max.</b>
<b>pH Value</b>	<b>5.5 - 7.0</b>

**\*Values reported on certificate of analysis**

**Packaging: 25 kg/Fiber Drum lined with PE bags inside.**

**Storage Conditions: Keep in cool dry place at room temperature, avoid exposure to sunlight.**

**Revised 7/2015**
